FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 13TH MAY, 1833. THE following copy of a proposed Regulation, read in Council for the first time on the 13th of May, is published for general information.

is published for general information.

A Regulation for altering the weight of the new Furruckabad Rupee and for assimilating it to the Furruckabad Rupee coined at the Sangor Mint and to the legal currency of the Madras and Bombay Presidencies: for adjusting the weight of the Calcutta Sieca Rupee: and for fixing a Standard Unit of weight for India.

By a Resolution of the Governor General in Council, dated the 10th of September 1824, the Furruckabad Rupee was ordered to be coined of 180 Grains, 165 fine and 15 alloy, and was declared the legal currency of the Saugor and Nerbuddah Territories: and all coinages of that Rupee have been struck at the Saugor Mint since the above Resolution was passed of the Weight and Standard therein specified. At the same time the Furruckabad Rupees issued from the other Mints of the Honorable Company have been coined to correspond with the Standard deshave been coined to correspond with the Standard described in the 5th Section of Regulation XI. 1819: so that at the present moment the Furruckabad Rupees fabricated at the Mints of Saugor and Calcutta respectively, differ, though in a very slight degree, from each other in weight and intrinsic value; while in the Provinces where they are current they circulate at par. It is expedient to correct this discrepance and to assimilate the Furruckabad Rupee struck at the Calcutta Mint to the Furruckabad Rupee of 180 Grains, 11 parts fine and 1 of alloy, struck at Saugor, which coincides precisely with the new currency of the Madras and Bombay Presidencies. It is likewise convenient to make a trifling alteration in the weight of the Calcutta Sicca Rupee as prescribed by Clause 1, Section 1, Regulation XIV. 1818. It is further convenient to introduce the weight of the Furruckabad Rupee as the Unit of a general system of weights for Government transactions throughout India under the Native and well known denominahave been coined to correspond with the Standard des

The following Rules have accordingly been enacted by the Governor General in Council to be in force from

All Bullion or Foreign Coin brought to the Mint for Coinage is subject to a Seignorage of Two per Cent; but upon the

Recoinage of Rupces struck at any of the Honorable Company's Mints, a duty of One per Cent. only is levied.

Upon all Bullion of a quality inferior to Standard, (unless the same be required at the Mint for the purposes of alligation), a charge is made for the expence of refining the said Bullion up to the quality of the Rupce, at the rate of .04 per Cent. per dwt. of worseness in the Assay Report. Thus, upon Bullion reported 12½ dwts. worse, the charge for refinage will be

12% multiplied by .04 \pm 0.50 or One-half per Cent. Upon 20 Wo, it will be $20 \times .04 \pm 0.80$ per Cent.

FORT WILLIAM.

FINANCIAL DEPARTMENT, THE 13TH MAY, 1833.

THE following copy of a proposed Regulation read in Council for the first time on the 19th of May, is published for general information.

A Regulation for altering the weight of the new Furruckabad Rupee and for assimilating it to the Furruckabad Rupee coined at the Sangor Mint and to the legal entrency of the Madras and Bombay Presidencies; for adjusting the weight of the Calcutta Sicea Rupee; and for fixing a Standard Unit of weight for India.

By a Resolution of the Governor Ge-Preamble.

By a Resolution of the Governor General in Council, dated the 10th of September 1824, the Furruckabad Rupee was ordered to be coined of 180 Grains, 165 fine and 15 alloy, and was declared the legal currency of the Saugor and Nerbuddah Territories; and all coinages of that Rupee have been struck at the Saugor Mint since the above Resolution was passed of the Weight and Standard therein specified. At the same time the Furruckabad Rupees issued from the other Mints of the Honorable Company have been coined to correspond with the Standard described in the 5th Section of Regulation XL 1819; so eribed in the 5th Section of Regulation XI, 1819; so that at the present moment the Furruckabad Rupees fabrithat at the present moment the Furruckabad Rupees fabricated at the Mints of Saugor and Calcutta respectively, differ, though in a very slight degree from each other in weight and intrinsic value; while in the Provinces where they are current they circulate at par. It is expedient to correct this discrepance and to assimilate the Furruckabad Rupee struck at the Calcutta Mint to the Furruckabad Rupee of 180 Grains, 11 parts fine and 1 of alloy, struck at Saugor, which coincides precisely with the new currency of the Madras and Bombay Presidencies. It is likewise convenient to make a trifling alteration in the weight of the Calcutta Sicea Rupee as prescribed by Clause 1, Section 1, Fegulation XIV. 1818. It is further convenient to introduce the weight of the Furruckabad Rupee as the Unit of a general system of weights for Government transactions throughout India under the Native and well known denomination of "the Tola."

The following Rules have accordingly been enacted by the Governor General in Council to be in force from the date of their promulgation:

Parts of former Regulations rescinded.

II. So much of Clause 2, Section 1, Regulation XIV. 1818, as fixes the Weight and Standard of the Nineteenth Sun Sieca Rupee, and of Regulation XI. 1819, as fixes the Weight and Standard of the Furruckabad Rupee, is hereby rescinded.

By Order of the Hon'ble the Vice President in Council,

H. T. PRINSEP, Secy. to the Govt.

FORT WILLIAM,

FINANCIAL DEPARTMENT, THE 13TH MAY, 1833. Till E following copy of a proposed Regulation, read in Council for the first time on the 13th of May,

in Council for the first time on the 13th of May, is published for general information.

A Regulation for altering the weight of the new Furruckabad Rupee and for assimilating it to the Furruckabad Rupee coined at the Sangor Mint and to the legal currency of the Madras and Bombay Presidencies: for adjusting the weight of the Calcutta Sieca Rupee: and for fixing a Standard Unit of weight for India.

By a Resolution of the Governor General in Council, dated the 10th of September 1824, the Furruckabad Rupee was ordered to be coined of 180 Grains, 165 fine and 15 alloy, and was declared the legal currency of the Saugor and Nerbuddah Territories; and all coinages of that Rupee have been struck at the Saugor Mint since the above Resolution was passed of the Weight and Standard therein specified. At the same time the Furruckabad Rupees issued from the other Mints of the Honorable Company have been coined to correspond with the Standard described in the 5th Section of Regulation XI. 1819: so that at the present moment the Furruckabad Rupees fabricated at the Mints of Saugor and Calcutta respectively. that at the present moment the Further and Aupees table cated at the Mints of Saugor and Calcutta respectively, differ, though in a very slight degree, from each other in weight and intrinsic value; while in the Provinces where they are current they circulate at par. It is expedient to correct this discrepance and to assimilate the Further and Rupee struck at the Calcutta Mint to the Furruckabad Rupce struck at the Calcutta Mint to the Furruckabad Rupce of 180 Grains, 11 parts fine and 1 of alloy, struck at Saugor, which coincides precisely with the new currency of the Madras and Bombay Presidencies. It is likewise convenient to make a trifling alteration in the weight of the Calcutta Sicea Rupce as prescribed by Clause 1, Section 1, Regulation XIV. 1818. It is further convenient to introduce the weight of the Furruckabad Rupce as the Unit of a general system of weights for Government transactions throughout India under the Native and well known denominaout India under the Native and well known denomina-tion of "the Tola."

The following Rules have accordingly been enacted by the Governor General in Council to be in force from

the date of their promulgation:

II. So much of Clause 2, Section 1, Parts of former Regulation XIV. 1818, as fixes the Regulation XIV. 1818, as fixes the Weight and Standard of the Nineteenth Sun Sicca Rupee, and of Regulation XI. 1819, as fixes the Weight and Standard of the Furuckabad Rupee, is hereby rescinded.

The Weight and Standard of the Calcutta Sicea Rupee and its sub-divisions, and of the Furruckabad Rupee, and of the Furruckabad Rupee, and of their Calcutta Sicea Rupee 192 176 16 respective subti Ditto half. 96 88 8 III. The Weight and Standard of

to be called the Tola, shall be introduced, which, from its immediate connection with the Rupee of the Upper Provinces, and of Madras and Bombay, will easily and speedily become universal through the British Territories.

GENERAL DEPARTMENT, THE 27TH MAY, 1833. Extract from a Despatch from the Honorable the Court of Directors, in the Public Department, dated the

5th December 1832.

Para. 5. "We have permitted these Gentlemen" to return to India, because, although they had failed to qualify themselves for the Public Service within a reasonable time, they quitted India previously to the promulgation of our Orders of the 20th of July, 1830. The case or Mr. John Dalrymple Prendergast, as communicated to us in your letter of the 3d of January 1832, is different. He had been duly apprized of our instructions and of the penalty which a continued neglect of his studies would bring upon him—we are therefore under the painful necessity of considering him as unfit for our Service; and we desire that you will for the sake of others notify in the most public manner, that such has been the result of his inexcusable idleness."
